At Opteamix, we are redefining what's possible with AI-powered technology services. As a next-generation, people-first technology company, we combine cutting-edge innovation with deep domain expertise to help businesses operate smarter, faster, and more competitively.

Proven Track Record  
of 13+ Years

Innovative AI  
solutions for Digital  
Transformation

Client-centric  
bespoke  
engagement  
model

People-centric  
philosophy

With over 13 years of experience and more than 4 million hours of delivery across multiple industries, we have proven expertise in modernizing technology landscapes and solving complex business challenges. Our leadership, backed by decades of global delivery expertise, ensures every engagement is strategic, outcome-driven, and delivered with precision.

What clearly sets us apart is our people-centric philosophy. We believe that happy employees create lasting client success. Every Opteamizer is empowered to innovate, contribute meaningfully, and align with your goals, ensuring that every engagement converts into a long-term, trust-based partnership.

We are more than just a service provider. We are your **Trusted Technology Partner**, committed to simplifying your path to success through intelligent solutions that uncover hidden efficiencies, unlock insights, and fuel sustainable growth.

# Our Approach to Ensuring Your Success

At Opteamix, our approach is grounded in the belief that meaningful transformation arises from a combination of the right people, purposeful innovation, and deep client alignment. We don't just deliver services; we co-create value with you.

As a **Trusted Technology Partner**, we bring a uniquely integrated approach built on three core pillars:

## ● **People-Centric Philosophy**

We believe that empowered people drive extraordinary outcomes. At Opteamix, our culture of employee happiness ensures that every Opteamizer is motivated, skilled, and aligned to deliver excellence. When we design solutions, we include not just our people but also our clients and their end customers, ensuring that the outcomes are meaningful, inclusive, and impactful at every level.

## ● **AI-Driven Innovation**

We harness the power of AI and emerging technologies to design intelligent solutions that unlock efficiencies, reveal insights, and uncover new avenues for growth while keeping your business ahead of the curve.

## ● **Client-Centric Engagement**

Your goals become our blueprint. Through personalized, outcome-driven engagement models, we embed ourselves into your ecosystem, ensuring every solution is tailored to your unique context, culture, and strategic vision.

This trifecta ensures that every engagement with Opteamix leads to transformative experiences, measurable outcomes, and lasting partnerships.

# Our Services

Our service offerings and solutions have been reimagined to address every aspect of business operations and human interactions, emphasizing an outcome-driven approach tailored to the evolving demands of enterprises. We have leveraged the unique capabilities of our global delivery model to deliver excellence and value.

- AI Custom Engineering
- Generative AI Solutions

## AI-powered GCCs

- GCC Consulting
- Operate and Optimize GCCs

## Digital Engineering

- Application Engineering
- Quality Engineering
- Robotic Process Automation
- Cloud
- Enterprise Platforms
- Data Analytics
- TechOps

# Our Impact: Client Success Stories

Discover how our approach to problem-solving has driven measurable results for Opteamix's clients across various industries.

**Global Capability Center Excellence:** Established, optimized, and transferred a Global Capability Center (GCC) in India for a leading US-based Health and Human Services provider, driving innovation and operational efficiency.

**Strategic Technology Partnership:** Established and currently managing a large Offshore Development Center (ODC) for a leading US bank, serving as their strategic technology partner for mission-critical project execution. Our partnership extends beyond delivery – we're co-piloting their AI transformation journey by embedding GenAI, intelligent automation, modernizing legacy systems, and driving data-led decision-making across key business functions.

**Quality Engineering Transformation:** Architected, implemented, and currently operating a Test Centre of Excellence (TCoE) for a large US-based insurance brokerage and wealth advisory firm. By integrating AI-driven test automation, leveraging both GenAI and RPA, we've significantly reduced functional testing efforts while enhancing test coverage, execution speed, and defect detection accuracy.

**Robotic Process Automation (RPA) Center of Excellence:** Strategized, designed, and now operating a cutting-edge Robotic Process Automation (RPA) Center of Excellence for a Fortune 500 US-headquartered professional services company, accelerating digital transformation across their operations.

**FinTech Innovation:** Delivered a state-of-the-art Loan Origination System (LOS) for a US-based Mortgage Bank, slashing loan processing times and reducing operational costs.

# The Opteamix Culture Code

We are a purpose-driven company that is built on the foundation of **“Client Delight through Employee Happiness.”**

## HIGHER PURPOSE

Simplifying success

## VISION

Reimagining technology for a better tomorrow

## VALUES

Happiness

Innovation

Integrity

Collaboration

Accountability

We take pride in our Culture Code, which is an attitude and reflection of who we are, what we do, and most importantly, how we do it. Our Culture code leads us to innovate, binds us together, and sits at the heart of the work we do. We are a diverse group of exceptionally talented and creative individuals helping the world leverage technology to **“Simplify Success.”**

Opteamix is an AI-powered technology services company that helps businesses unlock their full potential through intelligent, human-centric solutions. Our core expertise encompasses Artificial Intelligence (AI), Application Development, Robotic Process Automation (RPA), DevOps, Enterprise Mobility, Test Automation, and the design and operation of Global Capability Centers (GCCs).

Guided by our higher purpose of "Simplifying Success," we partner with organizations to drive scalable growth, operational excellence, and meaningful business transformation. Our approach is grounded in a deep understanding of our client's challenges and aspirations, ensuring that the solutions we deliver are not only technologically advanced but also thoughtfully tailored to real-world business needs.

Headquartered in Denver, Colorado, with a wholly owned delivery center in Bengaluru, India, Opteamix combines global reach with personalized service. We bring together engineering excellence, a culture of continuous innovation, and an unwavering commitment to "Client Delight through Employee Happiness." At the heart of everything we do is our belief that technology should empower people, whether they're employees, clients, or end beneficiaries of the solutions we deliver.
